Referral: For optimal oral health it is recommended to have regular dental check-ups. Please see the attached referral list to set up an appointment for a full dental exam and treatment plan.

Antibiotics: If you were given an antibiotic prescription, take all of the medication as directed until they are gone.

Women – some antibiotics can reduce the effectiveness of birth control pills. Use alternate birth control methods.

Pain Medication: If pain medication is prescribed, take it as instructed on the label. Don't exceed the dose on the label. Taking with food or milk will help reduce upset stomach. Avoid driving or operating heavy machinery and do not drink alcohol while taking prescription pain medications.

Please call your dentist if you have: Excessive swelling, pain, bleeding or fever. If you have any reactions to medication, especially rash, itching or breathing problems discontinue medication then call.

After hours emergency: Go to your local hospital emergency room or call 911.

Call list: The wait time varies. If you are unable to wait you may contact any local dentist for treatment. If you were given a referral to an oral surgeon or another specialist, please contact them accordingly.

Extractions: For any extraction, you will always have the option of being treated by an oral surgeon.

If you have any questions, please give us a call at 208.263.7101 or feel free to stop by our Ponderay or Bonners Ferry dental clinics.
